

TITLE: Assuring Quality Education

State Board of Education Ref: (126-42)

The Gilmer County Board of Education will plan, deliver, and evaluate the education programs and student support services necessary to implement a thorough and efficient system of public education. The programs of study and student support services mandated by regulations will be made available to all students. In carrying out this responsibility, a county board of education shall:

- 1) Collaborate with local business and community groups through establishment of partnerships and a county steering committee;
- 2) Be responsible for conducting a technology needs assessment and establishing a county technology team that will develop a county technology plan for the use of technology to improve instruction
- 3) Be responsible for developing a Strategic Plan and distributing the county board's resources as determined by the plan; and
- 4) Be accountable to the public through the annual "West Virginia Report Card."

Placed On Review: 8/08/05

Board Adoption: 9/12/05
