

TITLE: Guidance

State Board of Education Ref: 2320, 2510, 2550.011

A guidance counselor is provided at the elementary and secondary level. The secondary counselor works with placing students and counseling students in regard to their future plans. At the elementary level, the counselor works with students that have specific problems. This is especially at the upper elementary level. The time spent at each elementary school will be based on the number of students and need.
